**Cleaning, Protecting & Care Treatment of Ceramic Tiles, Slabs
Terracotta, Terrazzo, Natural & Artificial Stone, Concrete Slabs**

Project Restoration 9 Bath

Limestone floors laid in a block of apartments that needed to be cleaned and left with a polished finish, an attempt to seal the floors had been made but residue had been left on the surface.

The limestone floor was stripped to remove the seal and stains that had accrued, the floor was then crystalised to produce a polished finish and finally sealed with lithofin impregnating seal.
